

What to do if you need urgent help

What is a mental health crisis?

A mental health crisis is different for everyone. The causes are different. How people feel is different. How people act is different. If you have a sense of being overwhelmed, being unable to cope and lacking control, then please seek help from someone as soon as you can.

Where to seek help?

Under 18s

For anyone under the age of 18 in crisis, please call 0300 300 1600 or if you need urgent help or out of hours help, call 0300 555 1200.

Adults

If you, a family member or friend are in crisis and need help, please dial 111 and select option 2 for mental health crisis. You will be able to talk with a trained call handler who will provide appropriate support and advice. You can call 24 hours a day 365 days a year. For more on adult mental health services, you can find our adult services guide here:

midessexccg.nhs.uk/livewell/mentalhealth

Serious or life-threatening emergencies

If you are worried for your own or somebody else's safety, then please dial 999.

General Wellbeing and mental health

Thoughts and feelings that are stopping you living your life in the way that you want

Your life and health are seriously affected by your thoughts, feelings and behaviours

You're feeling overwhelmed and unable to cope and need help now

You're at risk of serious physical injury

Some example symptoms:

Feeling lonely and isolated

Finding yourself worrying about something that you need support with

Dealing with a loss that you are struggling to come to terms with

Needing someone to talk to

Some example symptoms:

Feeling low and hopeless

Having regular anxious thoughts in general or around specific situations

Constantly worrying about your life, work, health or relationships

Having panic attacks

Living with fears and phobias

Regular nightmares and flashbacks

Some example symptoms:

Experiencing cycles of deep depression and mania

Seeing things or hearing voices that aren't really there, or have deep beliefs and delusions which are untrue

Having trouble keeping track of your thoughts

You or those close to you noticing that you are behaving in unusual and unpredictable ways

Some example symptoms:

Experiencing overwhelming anxiety

Feeling like you are unable to cope

Experiencing other emotions or thoughts that are overwhelming

Feeling like you need urgent help

Call 999 immediately if:

Someone's life is at risk – for example, someone has seriously injured themselves or taken an overdose

You do not feel you can keep yourself or someone else safe

↓ Services that can help you ↓

Out-of-hours: 0300 555 1200

Speak to your GP

For more severe mental health needs, you should speak to your GP first of all. They may then refer you to a specialist mental health team.

A specialist mental health team can support you with your mental health. The team is made up of mental health professionals such as psychologists, psychiatrists and mental health nurses.

EWMHS

Anyone under the age of 18 or family members of anyone under the age of 18 in crisis, should call NELFT's EWMHS on 0300 555 1200. The line is open 24 hours a day so please get in touch if you need to.

Samaritans

Whatever you're going through, you can talk to someone at Samaritans 24/7 and for free.

SPECIALIST SERVICES

Support for pregnant women and new mothers

There are several services that can support you with your mental health and your relationship with your baby. If you think you need support, you can speak to your GP, midwife or contact the Emotional Wellbeing and Mental Health Service.

Health Visiting Service

The Health Visiting Service can provide advice and support for parents from pre-birth to when your child reaches the age of five. There are many ways for you to contact the service for those extra bits of advice; simply click the link below:

W: [essexfamilywellbeing.co.uk/team/basildon-central-healthy-family-team](https://www.essexfamilywellbeing.co.uk/team/basildon-central-healthy-family-team)

Perinatal Mental Health Service

Pregnant women and new mothers who have experienced or are experiencing mental health difficulties can get extra support and advice. The Perinatal Mental Health Service provides support throughout your pregnancy and the first year of your baby's life. You can be referred to the service by a health professional like a GP or midwife. Speak to a health professional if you think you need extra support.

Together with Baby

The Together with Baby service helps you to better understand your baby's different ways of communicating so you can support their needs while strengthening your relationship with your baby.
